

# METAL CAGE PACKING SYSTEM

PP CORRUGATED SHEET

NEYCOM BUBBLE SHEET

PP SOLID SHEET

TP POLYBOX

A combination of metal cage, or also called as "tiger cage" with PP corrugated box, partitions and layers that enable storage and movement of products easily.

### PP Corrugated Partitions

Custom-made sizes and compartments to cater for customer's needs

### Caster Wheels

Materials: PU, Rubber, Plastic, etc.

**Metal cage system**

1. Able to carry more goods in one single packing
2. Able to sustain heavy load
3. Easy handling with forklift
4. Stackable to save space
5. Custom-made partitions
